HIS FAITH IN DAD.

Some boys they call their dad papa, Oh, gee! That makes me mad. It sounds so stiff and like a book— You bet I call mine dad.

And he's a ripper, too, you bet. The boys all wish they had. A father that would laugh and poke And love them like my dad.

Of course, sometimes, when all the bills Come in he's mighty mad. And then we sit as still as mice And hear him jaw, poor dad.

It's always over soon, and then You bet we all feel glad. And then we all climb on his lap And hug and kiss our dad.

"You can't have kids and money, too," He says, and so he's glad. The good Lord made him poor, or else He mightn't been our dad.

I don't want to be President, Like every little tad! When I'm grown up I'd rather be A nice man just like dad.

THE tide of travel to Europe is unprecedented, ocean steamer agents declaring that it is fully greater by 10,000 this year than ever before. A tour of Europe in former times could only be indulged in by the rich and well-to-do. Now the man or woman of even moderate means who has not been to Europe or is not going this year is more and more of a novelty with each recurring summer. There used to be in high tariff newspapers elaborate computations of the thousands of dollars that this foreign exodus cost American merchants each year, but these have ceased during recent times, possibly because the "demition total" has reached dimensions that are painful to contemplate.

THE preachers have been discussing the evils of divorce with no marked effect. The lawyers are now examining the question and perhaps they will meet with greater success. The Ohio State Bar, in session at Put-in-Bay, adopted resolutions defining "gross neglect," setting a period of six months between the granting of the divorce and the entering of the decree; prohibiting remarriage for one year excepting as to the parties divorced being married again to each other; having an attorney represent the noncontesting at the trial and prohibiting or regulating marriages where either party has been insane, is vicious or afflicted with inherited or transmissible disease.

A NEW YORK Judge puts himself on record in favor of Sunday baseball by dismissing a man charged with holding a game on that day. Said he: "Young men, whether playing the game or watching it, are better off on Sunday than if they were loafing about the streets or drinking in the back rooms of saloons. Clean sport in the open air is always a fine thing. On Sunday as well as any other day." Who is there to gainsay the truth of the statement?

MR. CARNEGIE says in his latest interview that riches do not make a man happy. There is nothing new in the statement, but the fact that a rich man has added his testimony to the assertion will not keep any of us from trying to find out by personal experience whether it is true or not.

A YOUNG lady at Reading, Pa., is suing her "steady company for seven years" for breach of promise. She has an engagement ring with his initials in it and a pile of love letters over a foot high. She seems to have the dead wood on the recalcitrant swain.

A NEWPORT dispatch says that the assassination fund, called by some defense fund, for Caleb Powers, amounts to nearly \$90,000, which is but another proof that all the fools are not dead yet.

POLITICAL.

Seven hundred and sixty laws were added to the statute books of New York State during the latest legislature session.

The report that Thomas F. Ryan, the New York multimillionaire, would be a candidate for United States Senator to succeed John W. Daniel, of Virginia, is denied by him and his friends. The Hopkinsville Kentuckian says that "Judge Thomas H. Paynter spent last week at Dawson and also visited Paducah a day or two. The first district is turning out to be a Paynter stronghold in the approaching Senatorial race."

There is believed to be an understanding between the new owners of the controlling interest in the Equitable and the Harriman financial forces to prevent an investigation of the society's affairs, at the present extra session of the New York Legislature.

The President has written a letter to the Attorney General urging that a thorough investigation of the cotton report scandal be made, with a view to the punishment of Assistant Statistician Holmes, whom the President declares he considers more guilty than if he had stolen money to the amount he is reputed to have accumulated through the betrayal of the figures of the Government.

Senator W. A. Clark, of Montana, underwent an operation in New York Saturday for abscess of the brain. He is said to be rallying from the operation and resting comfortably.

In a fierce fight near Olympia, John Griffith was stabbed through the lung and James Schultz's left hand was severed at the wrist, and Griffith is not expected to live. James Jackson, the man who did the cutting, surrendered to the authorities.

At Lee City, Frank Smith and his two sons, William and Manfred, met death at the hands of Scott McQuinn. The cause of the tragedy is supposed to date back six years, at which time William Smith killed Meredith McQuinn, the 14-year-old brother of Scott McQuinn.

The Cumberland grand jury will make an investigation of the murder of James Skinner, the wealthy lumberman, who was decapitated out of Burkesville on the night of May 18 and murdered and robbed of \$7,000 in currency, a gold watch, etc. Since the murder two young men of prominent families, who were under suspicion, have disappeared, and their whereabouts are unknown. Two Negroes are also under suspicion, but no arrests have been made.

L. D. Burr, paymaster of the Sloss-Sheffield Steel and Iron Company, was held up by two masked highwaymen on the railroad between Littleton and Flat Top, Ala., and relieved of \$5,000, which was to be used in paying off the men. Less than five minutes afterwards detective George Bodeker, Policeman Joe Nix and Charles Pickard, a Flat Top guard, had shot and killed one of the highwaymen and recovered the money. The other robber effected his escape.

Robert Hammonds was arrested at Burgin charged with bigamy. Two weeks ago Hammonds and Miss Maggie McDonley, one of the best-known young women of Burgin, were married in that city. It is charged that Hammonds has a wife and two children living at Corinth.

Harry Hocker and A. B. Robertson have just received the new gasoline launch which they recently purchased in Chicago. The launch is a beauty, and will be removed to Dick's river, where it will ply the waters in the reservoir as soon as their new boat house is completed. —Advocate.

Ten-year-old Florence Owens, of Pittsburgh, found a railroad torpedo and tried to flatten it. The explosion mangled the face of the child so that she could hardly be recognized. A piece of the torpedo struck just over the left eye, and the eye is thought to be put out. The child is seriously hurt and may die.

A well-known bachelor citizen, Mr. Sam B. Newell, of the Bronston region of the county, passed away at the advanced age of about 75 years, last Monday, and after services at the residence of his brother Tuesday, by Dr. Harvey Glass, he was laid away in the family cemetery. He was a successful farmer and a highly respected citizen. —Somerset Journal.

State College of Kentucky,

Lexington, Kentucky.

The Agricultural and Mechanical (State College) of Kentucky offers the following courses of study, viz: Agricultural, Horticultural, Chemical, Biological, Mathematical, Physical, Normal School, Classical, Medical Engineering, Electrical Engineering, Civil Engineering, and Mining Engineering, each of which extends over four years and leads to a degree. Post graduate studies are also provided, leading to a master's degree. Each course of study is organized under a separate faculty. The general faculty number nearly 50 professors and instructors. County appointees receive free tuition, room rent in dormitories, fuel and light, and if they remain 10 months, traveling expenses.

The laboratories and museums are large, well equipped, comprehensive and modern. The Legislature appropriated \$50,000 for a college home for young women and \$50,000 for drill hall and gymnasium for men. Both buildings are completed and in use. Military tactics and science are fully provided for as required by Congress. Graduates from the several courses of study readily find excellent positions and liberal remuneration. The demand is largely in excess of the ability of the College to supply.

Specialists with the necessary number of assistants have charge of each department of natural science. Summer schools are provided for pedagogy, engineering, instruction in science and in arts.

The State College of Kentucky, though bearing hitherto the title of "college," is the only institution in the Commonwealth doing, in any proper sense, university work. The completion of the College home for young women provides facilities for good board and lodging. It is equipped with all modern conveniences, including bath rooms and room for physical culture. It is heated by steam and lighted by electricity.

An opportunity is thus afforded to young women of obtaining a thorough education in classics, modern language, literature, science, mathematics, logic, metaphysics, history and political economy.

No other institution in the State offers advantages for education of women at all comparable to those offered by the State College of Kentucky.

For catalogue, method of obtaining appointments, information regarding courses of study, and terms of admission, apply to JAS. K. PATTERSON, Ph. D., LL. D., or to D. C. FRAZEE, Business Agent, Lexington, Ky.

"Hits" Over, But

We have some good things left from our Sale; things we overlooked in the rush. If you did not get to the sale you will find many remnants of Wash and Woollen Goods, Odd Lots of Lawns, Suitings, Hose, Slippers, Shoes, Skirts, Waists, &c. Goods that we must sell before we begin to receive our Fall goods. Remember there will be plenty of hot weather yet and this is an opportunity you should not let slip. Those who attended our Sale say it was a success to them from a money-saving standpoint.

High Cotton.

All indications point to the highest prices for cotton goods reached in years. The crop is 3,000,000 bales less than thought, and the manufacturers and wholesalers have very little stock on hand. We have a good supply of Bleach and Brown Cottons, Sheetings, Shirtings, &c., and we are selling them at less prices than the wholesalers will be asking in a month.

We bought some months ago a large part of our Fall stock, in which cotton is used in the manufacture and we are on the ground floor and will give you as good values as you ever bought.

CORNER STONE. - Crab Orchard Lodge of Masons No. 636, will lay the corner stone of their new hall July 25th, at 3:30 p. m. All Masons are cordially invited, writes Secretary W. H. Perkins.

WHEN your best girl is inclined to tax you too heavily for ice cream tell her that Prof. Wellston, of the University of Chicago, says that the trypanosomatic germ infests vanilla ice cream and is relentless in pursuit of its victims and see if that doesn't jar her.

MARJORIE, the pretty little daughter of Mr. and Mrs. Dexter Ballou, took the premium at the Lancaster fair for the "prettiest girl baby under two years old." There were 14 entries, but three of the little ones "cried out" and Marjorie defeated the remaining ones as easy as falling off a log.

ROBERT FENZEL, the gentlemanly young man, who is learning the printing business in this office, set a galley of brevier type in three hours Saturday. ASSASSINATION. - Cecil Crutchfield, 16-year-old son of Mr. A. A. Crutchfield, was shot through the head and instantly killed at a dance at the old cheese factory, between Ottenheim and Krier, between sun down and dark Sunday evening. There were a number of persons in the house at the time but nobody has been found who saw the shot fired or who will admit that he knows who fired it. Judge James P. Bailey, County Attorney Harvey Helm and Deputy Sheriff George T. Wood spent all of yesterday in the section the assassination occurred but no arrest had been made up to the hour of going to press. The murder is a most dastardly one and no means nor trouble will be spared in the effort to bring the guilty party or parties to justice. Young Crutchfield was a quiet, good boy and his untimely death is deeply deplored.

ARUSED because of the scarcity of help the good women of Shelbyville have organized and the servant problem is the one topic of discussion. At a meeting the other day a committee was appointed to visit the Swiss colony near London and try to induce the women there to locate in Shelbyville and take lucrative positions as cooks. The report of the committee is awaited with much interest. The servant problem here is a hard one to solve and soon we will hear of Stanford women taking steps toward bettering the condition of things in the servant line.

THE Lancaster Fair was a success from every standpoint and our neighbors are deserving of hearty congratulation for the superb management of their laudable enterprise. Large crowds attended each of the three days and the splendid show of stock was worth many times the price of admission. The weather behaved itself as well as could have been expected, the crowd was a jolly one and nothing occurred to mar the pleasure of the thousands who attended. The Lincoln county stock men who carried off a good share of the liberal premiums hung up were J. C. and Bledsoe Bailey, C. T. Sandidge, S. M. Owens, Embury Brothers, S. T. Harris, Woods Brothers, D. S. Carpenter and Logan Hubble. It will take some time to "wind up" the affairs of the enterprise, but considering the large expense incurred in making the ring, building amphitheatres, etc., and the big premiums given, the association will do well to come out even.

THE K. C. leaving here at 4:50 yesterday morning had a slight wreck near Gilberts Creek and was delayed about five hours. The mixed K. C., known as "Old Henry," also had a little wreck near Fort Estill and was delayed several hours.

JOE UPTHEGROVE, owner of the big rattlesnake that attracted much attention last week, took it to the Cincinnati Zoological Gardens and sold it to the management for \$56. - Advocate. Mr. Upthegrove bought the snake from a man at Highland named Young for less than \$1. There's money in snakes, it seems.

ASTHMA Sufferers Should Know This.

Foley's Honey and Tar has cured many cases of asthma that were considered hopeless. Mrs. Adolph Buesing, 701 West Third St., Davenport, Iowa, writes: "A severe cold contracted 12 years ago was neglected until it finally grew into asthma. The best medical skill available could not give me more than temporary relief. Foley's Honey and Tar was recommended and one 50 cent bottle entirely cured me of asthma which had been growing on me for 12 years. If I had taken it at the start I would have been saved years of suffering."

No. 12—150 Acres of cotton land in Mississippi. There is no section of country which offers so many opportunities for profitable investment as the Mississippi Delta which is now fully described as "Prosperity Valley." This land is becoming more valuable all the time for the reason that lumber people from the North (where the supply of timber is fast diminishing) are constantly increasing their purchases of timber lands in the South. When the timber is removed the land is unequalled for agricultural purposes. It will produce a bale of cotton to the acre and grow any other kind of crop raised in the temperate zone. This soil needs no fertilizers and gives a yield which cannot be excelled, taxes are low, the title is perfect and the man who buys Delta land and timber lands at present prices is making an investment that will never regret. This land is divided into tracts ranging from 100 acres to the tract of 17,000 acres in the tract and prices from \$2 per acre to \$10 per acre, according to location, etc. We are authorized by the company who owns these lands to state that as other parties are considering the purchase of these lands that we offer these tracts subject to prior sale, with no market or change in price without notice. However, when notified, they will have any tract out to market long enough for the purchaser to make an investigation. About 17,000 acres of this land has been sold by the Company since we received this option. For further particulars call at our office.
